

Bee Heroic

@ The Hive Paonia

Hemp History Week

Pollen Nation 2018 Buzz Event / Buds and Bees

Event Press Release

Join Bee Heroic at the Hive Paonia for a weekend celebration of pollinators, farming, and hemp as part of Bee Heroic's Pollen Nation Tour 2018. Both events are free. Adult focused.

Bee Heroic is an adult directed project that focuses on pollinator, and climate/geoengineering, issues and impacts. The Pollen Nation Tour (PNT) is a hands-on multi-state, multi-city project where Bee Heroic hosts booths, presents on pollinator/climate/sustainability issues, and provides resource information to initiate change.

Pollen Nation 2018: Buzz Event, will include a primary presentation on pollinators/agriculture/climate connections, and introductory presentations on hempcrete building, farming regulation for hemp industries, and an introduction to the Hive in Paonia for community members. The event will also include a handful of booths, bee friendly give aways, and a bee-connected mixer (and mingle) afterward. June 9, 2018 3-6 pm

Buds and Bees at the Hive will include three 20 minute presentations on how hemp can help save pollinators, benefits of building with hempcrete, and how to keep agrochemical from taking over the hemp industry. Buds and bees will also include several pollinator and hemp industries booths, and a bee-connected mixer following. Join us. Sunday, June 10, 2018 2-5pm

Keeping Hemp Out of the Hands of Agrochemical Companies:

Bode Wellness will be discussing the need for small farms and the value of “co-operatizing” farmers in order to protect them from nationalization of hemp; which attempts to cut them out of the industry. Co-operatizing allows “small” producers to own and distribute products themselves, and reduces “sell out” to larger corporations. He provides tools for immediate action. Bode will also discuss Bode Wellness products and invitations to join.
